Room 7

Show Art, 2016

Each year EMPS enters art for exhibition at the Manjimup Agricultural Show. The children love to see their work on public display, as do the parents. It is also of great interest to the town community to see what children at schools are learning and creating, as all of the schools in the district are asked to submit work for this event.

Below is some artwork that Room 7 students created with Mrs Jan Starkie.
