Room 4 at the Olympics

Room 4 enjoyed finding out information about the 2016 Olympic Games as part of our HASS studies.

We discussed where they were held, and how the flame was lit. We were amazed that the Olympic torch had run through Manjimup for the 2000 Olympic Games, and that the statue in town commemorated this historic event.

We talked about the flag and what the colours and rings represented, then had a go at putting the colours in the right places on our own flag.

We made an Olympic torch and of course we had to make gold medals.

After some reflection, we wrote about what event we would like to be in or what we enjoyed watching the most.

We calculated that by the next Summer Olympic Games we would be 11, 10 or 9 years old!
At the Olympics I like to watch.
I like to watch because it is fun.
The girls do lots of tricks and
sang gymnastics and sang hand
stands and lots of flips.
There is lots of different kinds of

At the Rio Olympics I like the
racing and the
swimming and the
long jump.
At the Rio Olympics I'd like to be in the Kayaking and Javelin. Javelin is a game where you throw a sharp stick.

At the last weekend this week, the Olympics have been on. I wish I was a long jumper 4 years later it is going to be in Tokyo at the moment it is in Rio. Olympics have all different kinds of sport. Ceremonies are very important for kids to know about. College means to know different kinds of things at the Olympics. People visit other towns and countries, some people take their fans and watch all of sport. Sports is good to encourage other kids to do sport. Sport helps keep you fit and healthy after sport you have.
