

# WHAT IS BEHIND THE DOOR?

Those imaginative children in room 1 know what is behind the door!

*What is on the other side of this door?*

We have drawn and written about our ideas.

*This is our 'raw' writing.*

Our work has not been corrected nor did we receive any assistance when writing. Our ideas are our own. You may need to read carefully and sound out some of our words. As you will see, we have used lots of the sounds we have been learning as well as some of our 'camera words'. Some of us have not written a lot and that may be because we are very concise and sum up our thoughts quickly or it may be that it took us a little while to get going with our writing.

Please ask if you are not sure what we have written and we will try to decode it for you!

**If you want to find out what's behind the door then go to room 1 before or after school and check out all the fantastic ideas, pictures and writing that those amazing Room 1 children have done**
