

Fathers' Day

Fathers' Day was approaching and this provided the perfect opportunity for our students to direct their creative efforts into the production of gifts for the important men in their lives. What a range of clever ideas! There were school cooked delicacies, mobile phone stands, coasters, vouchers for special treatment by their children and lots of clever and thoughtful cards. There was even a hot chocolate spoon complete with marshmallow, just add hot milk!

We hope all of our special men enjoyed their day, and found out just how important they are in their children's lives.
