

# Fathers' Kindy

What a great sight it was in the Kindy when the special men in the lives of our Kindy 1 students hosted a Father's evening. There was shaving cream aplenty as large areas of chin (and lips) underwent some careful whisker removal. Games and drawings were shared and crafty things created. There was an atmosphere of pride and joy and the children treated their family members. We hope they all enjoyed their Father's Day treat.
