

# *Jeans for Genes Day*

Each year Australians unite by wearing their favourite jeans and denim and donating money to support genetic research. Every dollar raised on the day helps scientists at children's medical research institute discover treatments and cures, to give every child an opportunity to live a long healthy life.

Every year our student councillors organise jeans for genes day. This year our school raised \$382.80. That's a lot of money.

This is Room 9 participating in Jeans for Genes day.

This is Rooms 12 and 13 enjoying Jeans for Genes day.
